# HOW TO READ THE LOT NUMBER

All cans are embossed with a 5-character code on the bottom of the can:

## Example:

# B 1 134

B = Beef
C = Chicken
P = Pork
T = Turkey
3 = Ground Beef

1 = 2021
2 = 2022
3 = 2023
4 = 2024

The last three characters represent the day of the year it was produced.

**First character** denotes the product
**Second character** denotes the year of production.

Here according to the code product inside the can is Beef.
The product was produced on the 134th day of the 2021 year.

This is not an expiration date.
It is the date when the product was produced
The expected shelf life is 5 years from production.

**Werling**
**and Sons, Inc.**
